

FARSANA THASNI

Mern Stack Developer

 farsanasthal6800@gmail.com  8917748895  Malappuram, India  linkedin

SUMMARY

Detail-oriented **MERN Stack Developer** with hands-on experience building responsive and scalable web applications using **MongoDB, Express.js, React.js, and Node.js**. Skilled in developing RESTful APIs, integrating databases, implementing authentication, and creating clean, reusable component-based architectures. Passionate about building user-focused applications and solving real-world problems through modern web technologies.

SKILLS

Frontend Technologies

HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js

Database

MongoDB, Mongoose

State Management

Redux Toolkit, Context API

Integrations

Cloudinary, Razorpay, Axios

Development Practices

Component Reusability, Clean Code, Debugging, Error Handling

Backend Technologies

Node.js, Express.js

Styling & UI

Tailwind CSS, Responsive Design

Authentication & Security

JWT Authentication, Role-Based Authorization

Tools & Version Control

Git, GitHub, VS Code, Postman

Soft Skills

Problem Solving, Team Collaboration, Continuous Learning.

EXPERIENCE

Front End Web Developer Intern, BRIDOEON SOLUTION

10/2025 – Current
KANKJANCHERI, Indis

- Worked as a **MERN Stack Developer Intern**, contributing to the development of responsive and user-focused web applications using **React.js, Node.js, Express.js, and MongoDB**. Developed reusable frontend components, RESTful APIs, database operations, authentication, and third-party integrations. Collaborated with mentors and team members to implement new features, debug issues, and follow clean coding and development practices. Gained hands-on experience by building and enhancing full-stack applications, including dashboards, e-commerce interfaces, and service-based platforms.

PROJECT

petLora – Pet Service Marketplace

- Developed a full-stack pet service marketplace connecting **pet owners with service providers** for pet-related services and bookings.
- Implemented separate **Customer, Service Provider, and Admin modules** with role-based authentication and dashboards.
- Built features for **pet profile management, service listing, service search, booking management, reviews, and pickup/drop options**.
- Developed provider and admin dashboards for managing **services, bookings, users, providers, payments, and city based service serching**.
- Integrated **JWT authentication, Razorpay payment gateway, Cloudinary image uploads, OTP email verification**.
- Designed responsive and user-friendly interfaces using **React, TypeScript, Tailwind CSS, React Query, Redux Toolkit, and Axios**.
- Deployed the frontend and backend using **Vercel and AWS EC2** with MongoDB Atlas.

EDUCATION AND TRAINING

DIPLOMA IN OPTOMETRY, BANGALORE Baratya Engineering Science and Technology Innovation

06/2025

Participated in home care, school screening, community outreach, and basic health screening activities as part of outdoor field work.
